

Director's Message

Dance Happens is my life long vision that makes dreams come true for others. We provide a variety of opportunities and a foundation in the arts for a lifetime enhancement for our community of dancers. We use dance as a tool to express feelings, accept and value individual differences, and gain awareness of our dancers and others cultures. If you are considering a dance school for your child, please keep in mind Dance Happens classes are not only fun filled but also assures our dancers a deeper understanding of the art form through proper technique training.

Our faculty is selected based on their experience and dedication. They ignite the passion, imagination, and creativity within our dancers. The special teacher student bond nurtures our dancers abilities to their fullest potentials.

Dance speaks a language that words alone cannot express. Our number one goal is to aid each dancer in becoming a well-rounded individual!
